Diggin' for Davises Back-issues Combined Every-name Index

PREFACE

EXPLANATION OF PAGE NUMBERING SYSTEM

This index covers the first three volumes of back-issues of the family surname newsletter, *Diggin' for Davises*. The premiere issue of which was published in December, 1994. Initially, the pages of the newsletter were numbered per issue, that is, each issue began with page number 1, and ended with 10, 11, or 12, or whatever was the last page of that particular issue.

Beginning with volume three, issue three, a sequential page numbering system was instituted; and the first page of that issue was numbered 130. That's because there were 129 pages published prior to that issue.

So, for the purposes of this index, a special page numbering system is used to identify those first 129 pages. They are given three numbers separated by dashes.

Example: DAVIS John 2-3-9

The first number in the above example is the volume number - 2;
the second number in the above example is the issue number - 3;
and the last number in the above example is the page number - 9.

All other numbers following an individual's name are the actual numbers of the pages in this collection of back-issues on which the name will be found.

SINGLE NAMES

In the newsletter from time to time, an individual's surname may not be known. Examples of this are possible slave names mentioned in Wills, estates, etc. In these cases, these names have been listed thus:

UNKNOWN Peter 130

SPELLING ERRORS

Be sure to check all possible spellings of both first names and last names. In some instances, names submitted or found in contributions of material to be published have been mis-spelled. These have not been corrected, but published and indexed exactly as they were found in the various genealogies and/or family histories.

EXAMPLES: Davis could be mis-spelled as DAVIES; DAVES; DAVUS,
etc.
